# JOSÉ EMILIO PHINNEY DOMÍNGUEZ

## ABSTRACT

Telecommunications and Electronics Engineer with knowledge in the area of web programming (**NodeJs-Express, React, Javascript, Html, CSS, MongoDB, Unit-Test**). I also have knowledge in the area of microcontroller programming. I define myself as a communicative, entrepreneurial and positive person, and confident that we are surrounded by opportunities and alternatives.

## EDUCATION

TELECOMMUNICATIONS AND ELECTRONICS ENGINEER | **Technological University of Havana "José Antonio Echeverría"**

2014-2019

La Habana, Cuba

## APTITUDES

- Web Programming
  - o **Backend (NodeJs-Express-MongoDB)**
  - o **Frontend (React)**
- Microcontroller Programming
  - o **8086**
  - o **8051**

## EXPERIENCE

Actually, in the programming area, **I have no official work experience, but I am very willing to work and keep learning**. At the moment, my experience is based on the programming subjects studied at university and later on the time dedicated to the self-study of web programming (programming courses, YouTube videos, etc.).
